10. *Carpinus japonica*

13. *Asimina triloba*

12. *Chimonanthus praecox*

Meloenboompje Wintersweet
cheimon is winter

13. *Tilia henryana* 'Arnold Select'

14. Acer rubrum 'Autumn Flame' tak 'Brandywine'

15. *Quercus phellos*

internet

16. *Eucommia ulmoides*

16. *Eucommia ulmoides*

Chinese rubberboom

17. *Liriodendron tulipifera*

18. *Styphnolobium japonicum* Honingboom

19. *Morus alba* 'Macrophylla'

20. *Heptacodium miconioides*

21. *Euptelea pleiosperma*

Yunnan

22. *Stewartia rostrata*

23. *Magnolia obovata* Japanse grootbladige magnolia

24. *Cercis siliquastrum*

Judasboom

25. *Viburnum opulus*

Gelderse roos

26. *Tetracentron sinense*

in Yunnan

27. *Fraxinus excelsior* 'Westhof's Glorie'
tak *F. excelsior*

28. *Prunus serotina*

Amerikaanse vogelkers

28. *Cornus sanguinea*

Rode kornoelje

30. *Viburnum lantana'*

31. *Euonymus europaeus* ‘Red Cascade’
Tak E. europaeus

32. *Alnus glutinosa*

33. *Hippophae rhamnoides*

Duindoorn

34. *Lonicera standishii* . 'Budapest' var. *lanceifolia*

35. *Osmanthus x burkwoodii*

36. *Buddleja lindleyana*

37. *Clethra barbinervis*

A photograph of a Pterostyrax psilophyllus var. leveillei tree in full bloom. The tree has a slender trunk and branches covered in clusters of small, white, star-shaped flowers. It is surrounded by dense green foliage and other trees in a forest environment.

38. *Pterostyrax psilophyllus* var. *leveillei*

A close-up photograph of a Photinia villosa plant. The image shows numerous small, white, five-petaled flowers clustered along dark green, serrated leaves. The flowers have distinct stamens visible at their centers. The background is filled with more foliage, creating a lush, green backdrop.

39. *Photinia villosa*

40. x Sycoparrotia semidecidua 'Purple Haze'
